Meeting Pack
Aylburton Parish Council
May Full Council Meeting
Prepared and compiled by the Parish Clerk.

7b. Highways and Road Safety (new updates in bold)

| | |
|-----------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Road Safety Group (RSG) | <ul style="list-style-type: none"> • Flashing speed sign: RSG intend to seek funding. • Community Speedwatch – we are next on the list to borrow the speedwatch kit, awaiting the relaxation of Covid restrictions. • Speed survey has now been requested. • 30mph wheelie bin stickers – Clerk has advertised on Facebook and there has been a good uptake with only 5 remaining – Clerk recommendation: order 24 more stickers at a cost of approx £30. • 20mph wheelie bin stickers – Clerk has advertised on Facebook. • Pedestrian crossing campaign: The head teacher of the school is in favour of working together on this and discussions are ongoing. Clerk has now formally written to Highways to ask for a pedestrian crossing. • Discussions ongoing with Highways to establish what exactly is possible to implement. • Press involvement: The RSG intends to work with the Forester to publish a series of short articles raising awareness of the issue of road safety in the parish. |
| Poor drainage on Church Road | Ongoing issues with outlets into ditch being blocked – last chased mid April. Cllr Bayliss monitoring. |
| Upper Common – ditches in poor state | Works carried out, but blockages remain. Cllr Evans in touch with County Cllr Preest. Clerk continues to chase too. |
| Lower Common/Colliers Pitch - poor visibility at junction due to hedge overgrowth | To be re-reported as although Highways advise it's been dealt with, the issue remains. Chased late April. |
| Lower Common/Sandford Road road surface | Chased late April. Currently no solid plans to resurface. |
| A48 road markings | Followed up again 07/10. Brian Watkins responded: "Unfortunately I haven't been able to get this linked in with another scheme." Council to continue requesting. |

| | |
|-------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------|
| Public Rights of Way – any issues or updates | None at this time. |
| Church Road – collapse of road edge near to ‘long field’ entrance | Highways have carried out works in the area but the issue remains due to confusion over which side of the road. Re-requested mid April. |
